

Shree Maa's Message

BE TRUE. Say what you mean and do what you say. If you are true, you will be without fear. If your conscience is clear, your heart will be silent. That is Peace. No matter what the result. **BE SIMPLE.** Many words are a burden to the soul. The real message of your heart will be communicated by your actions. The words will only explain the actions. But they must agree, lest we become hypocrites who preach what we ourselves do not practice. **BE FREE.** Leave your selfishness behind. The people whose opinions are valued will love us for what we are, not for what we have. The respect which can be bought is as useless as a tree which bears neither flowers nor fruits. When the leaves will fall and the trunk wither, none will come again. **TAKE REFUGE IN GOD.** Neither your friends, relations or others will take you to heaven. Only Wisdom will be our salvation. **CULTIVATE WISDOM.** Learn from everyone, everywhere. Then use that knowledge which will bring you into harmony with the universe. **DEVELOP DISCRIMINATION.** Pursue only those desires which will make you free. Leave the ones which will get you into trouble. Know the difference and remind yourself daily. Remember that the God you seek resides in every atom. You can offer respect to every atom, even while you maintain your own discipline inside. That you are a spiritual seeker is not something you need to show outside. It will manifest in your behavior, without your having to try. If we are gentle, loving, kind and honest in our dealings, that is spiritual. Your spirituality cannot be hidden. Similarly, if one is full of fears and trying to hide his inner emotions, such a person is not full of spirit. That is only ego. **LET ALL OUR ACTIONS MANIFEST OUR LOVE.** Work is visible love, the expression of love that we can see. People want realization, liberation, to become enlightened. Do not think it is something different from doing for others as you would have them do for you. **SPIRITUALITY IS VERY SIMPLE.** "I am everywhere," says the sage. "I exist in every form of creation. If I hurt any form, I hurt myself. If raise any form to a higher level, I myself, find progress." It is easy. **BLESS YOU!**
